

WELLBEING PARENT QUESTIONNAIRE 2026

YOU SAID, WE DID!

Strengthen communication with parents, particularly around staffing changes and significant events.

Friday newsletter emailed to parents, shared on the website and we will now add paper copies to the FOBS banner at the front of school each week for those who prefer a paper copy.

Parent drop in sessions will still be advertised on the newsletter and individual letters sent to parents who we think it might be of interest to.

Key dates for the following half term will also be shared on Facebook to help families plan ahead.

Updates on staffing will be shared with the class parents by email as well as on the newsletter.

WELLBEING CHILD QUESTIONNAIRE 2026

YOU SAID, WE DID!

We would like to know what clubs are happening next half term

We will share these in the final Friday worship of each half term. These will then be shared on the newsletter and facebook for parents to book.

We want to know about what is coming up next in the day or the following week.

Large visual timetable in each class displayed so all children know next lesson and order of the day

During in Friday worships, we have added a 'next week' slide to inform the whole school what is coming up next.
