Oak 'Pick n Mix' Homework - Autumn 2 2026

This Pick n Mix Homework is for this half term. The Red boxes need to be completed each week. The Yellow boxes are linked to class learning and you can choose one per week. The Green boxes do not have to be done but are just if you want to challenge yourself!

Reading

Read at least 3 times per week.
(Please sign in your child's diary each time they read to you. Also, remember to recap on the weekly phonics sounds.)

Maths

Look out for the shapes circle, triangle, rectangle and square?

How many sides do they have? Can you make a repeating pattern? A shape picture?.

Christmas

Talk to your family about what you like about Christmas. Write a list and draw pictures of your favourite things. Try and sound out your words using your letters.

Diwali

People often celebrate Diwali by making sweet treats and cakes.

Can you make something sweet to share with your family?

Writing

Practice writing your name using a capital letter at the start and then lower case letters. If you can already do this, practice writing your last name.

Special People

Think about who you have special relationships with. Draw a picture or stick a photo and say who and why they are special.

Let's Get Spacey!

Build a rocket using whatever materials you can.
Make it bright and colourful.

Remembrance

Make a poppy. You could use colours, paint, paper, fabric or recycled materials. As you make it, talk together about this question: How can we show kindness and help make our world peaceful?

Challenge: Nativity Scene

Create a Nativity scene using paper, paints or your teddies. Can you retell the story to your family?

I can't wait to see your super work!
These tasks are designed to be fun and enjoyable.
If you need any help, please ask. 😊
